Chapter 4 by XOXkitkatXOX

So, what do we do with the story now? I mean, you didn't have to make a whole story just to ask a simple question!!!

Just ask someone on the chat! I mean, come on....

If you really wanna keep this going, this is how you do it! You make a story off of this, like this!

Andy smirked as his eyes darted across the screen. "That was the worst waste of three chapters ever in the history of Story Wars," he thought to himself. He was gonna make this right, he was gonna make a story off of this.

He scrolled down to the chapter four draft box, and started typing. There was already another draft, and by the looks of how the story was going so far, it was probably by some dude named M.C. Thornhill.

He wasn't gonna let him win this time, he was gonna take control of this story, he was gonna make Story Wars history! Okay, maybe not make Story Wars history, but you know, the other thing!

He typed away, never stopping, he had the perfect plan... He was gonna make everyone think he was M.C. Thornhill! Or as everyone else knows him... Kielen Rogers!!! He was gonna change his name, and write a draft, making everyone but M.C. Thornhill think that he was continuing the story...

But in essence, Andy could think that he now had control over the story... He would be able to fall asleep at night, he would be able to eat in the morning, he would be able to find peace with his inner being...

(And that's how you do that!!! That's how you make a story out of a few waste of chapters

NOW CONTINUE THE STORY!!!
